

Veterans and Caregivers Needed for a Research Study

- **Are you a Veteran 18-70 years old who has been hospitalized overnight at least once in the past 5 years?**
- **Do you have a caregiver, such as a spouse, significant other, family member or close friend that that knows you well and that you see regularly?**

If so, you may qualify for a research study at the Providence VA Medical Center (PVAMC).

If you are invited to participate, you and your caregiver will each be asked to take part in one, 1.5 hour visit at PVAMC or over the telephone.

Parking is free, and all volunteers will receive a \$30 gift card for participating.
